HD

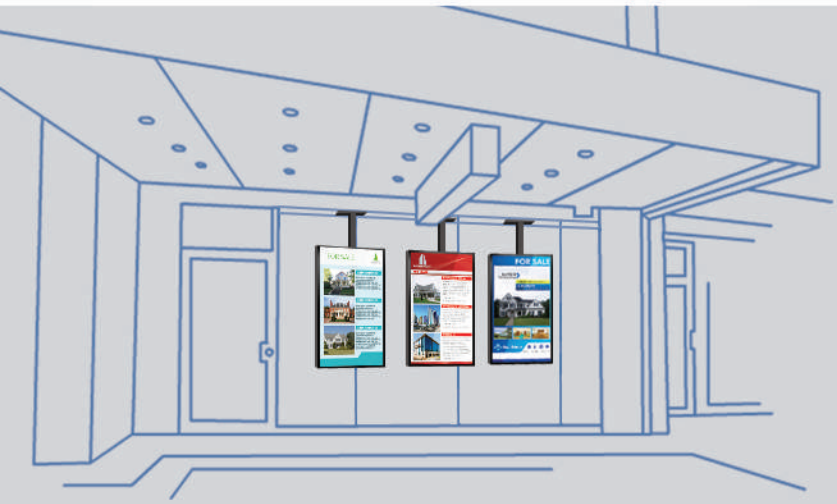
Dynamic Signage for Real Estate

- Show agent names and pictures
- Provide a list of available properties
- Display a video tour of properties
- Promote vendor services and mortgage partners
- QR codes to link download listings on smartphones
- Easy-to-update commercial building directories

The "Silent Salesman"

Turn lobbies and store front windows into selling arenas by dynamically updating property listings, coupled with vivid videos, weather, and beautiful slideshows. Loop through virtually unlimited number of property listings, complete with pictures, prices, layouts, and even maps!

Inform clients about specials and promotions or serve as a lucrative revenue generator to advertise local establishments and entertainment.



Highlights

- Update content dynamically and immediately
- Full-HD 1080p videos and images
- User-defined screen layouts | Grids and zones
- Day-parting and multi-day scheduling
- News feeds / Scrolling text / Clock display
- Cloud-based, remote management
- Plug-and-play | Install on any display screen
