## Full HD Dynamic Content

1080p HD video playback combined with a comprehensive suite of dynamic content widgets. Simple drag-and-drop interface allows screen layouts with overlapping zones. User-definable layouts make it simple to create campaigns and customize them to meet any commercial signage requirements.

All managed remotely via a cloud-based software from a standard web-browser

## Cloud-based Software

Xhibit Plus is comprehensive and robust signage platform for wide-ranging commercial installations. **No subscriptions, no contracts - just one-time, upfront cost.**

Signage software is **FREE** and comes with dozens of content widgets.
